

Lettering Course Scheduled

A night course in Lettering has been added to the art curriculum at Los Angeles Harbor College to meet the demands of an expanding enrollment.

The class, Art 40, is required of all Commercial Art Majors. It will teach commercial reproduction lettering for graphic design, brush lettering and lettering indication in layout.

Carlos Rico, College Illustrator, is the instructor for the course. Besides his position with the College he has had extensive experience as a free lance artist.

Class hours are from 6 to 10 p.m. on Tuesdays. The class was opened too late to be listed in the regular schedule of classes.

Last day to file a request for admission is Friday. The registration procedure must be completed by Sept. 12 and instruction starts Sept. 17.

Extension Of Barrier Approved

County supervisors have approved plans for installation of another unit of the Dominguez Gap sea barrier project in sections of Los Angeles, Carson, and Long Beach, Supervisor Burton W. Chace reported today.

Estimated cost of the work is \$187,000.

Bids are being sought and will be opened Sept. 20 in the offices of the County Flood Control District. Award of the contract by the Supervisors is due about 10 days after, Chace said.

THE PLANS call for drilling 26 observation wells which will be used to check effectiveness of the barrier project.

The wells will be spotted in an area generally bounded by Bixby Slough on the west, Canal Avenue on the east, just above Sepulveda Boulevard on the north and C Street on the south.

Chace said they will vary in depth from 113 to 475 feet.

THE CONTRACTOR is

expected to start within 30 days after award of a contract and seven months will be required to complete the project.

It will be financed out of the current fiscal year budget of the Flood Control District.

WANTA BUY A BALLOON? . . . Balloon vendors at this year's 41st annual Los Angeles County Fair won't be as pretty as 18-year-old Debbie Spradlin. If they were, there would be a shortage of balloons! A Citrus College coed, Debbie is one of eight southland beauties competing for queen of the fair honors. The queen will be announced Sept. 13, opening night of 17-day exposition.

Patrolmen Find 'Grass' On Lawn

Four Torrance teenagers were arrested for possession of marijuana Sunday night. The arrest came after a police patrolman observed the four acting in a suspicious manner on the lawn just north of Sepulveda Elementary School.

Taken into custody was Charles Biddle, 19, of 22026 Reynolds Drive, and three juveniles.

Investigating officers reported finding a plastic bag of marijuana on the ground near where the boys were standing.

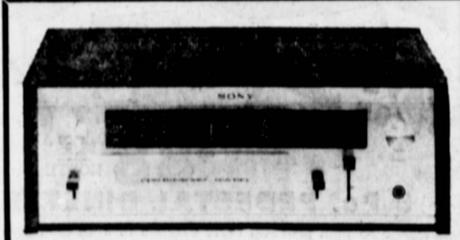

207 Citations Issued by APCD

A total of 207 citations and notices of violation were issued by inspectors for the Los Angeles County Air Pollution Control District during July.

Fines for violations assessed by the courts totaled \$4,357 during the month. During July, 1967, some \$3,281 in fines were assessed.

Now, aren't you glad you waited?

New Sony FM stereo/FM-AM receiver.

The 6060 receiver draws upon the famous Sony transistor know-how in its sensitive FET front end and 62-transistor circuit. The result is that even the weakest, fuzziest FM stations sound like the strong ones. And they don't get clobbered by the strong ones. Stations you never knew existed come in crisp and clear. FM stereo is superb. AM broadcasts are richer. And tapes and records retain their original performance brilliance.
